PRESIDENT'S MESSAGE

December 2009

Dear Friends,

As a president of Indian Dental Association I had a chance to meet many of our fellow members. I could see many talented and dedicated dentists. This is the real secret of our Association. Together we have spent many years but moving forward one year at a time.

25th convention was a great success. Many of our members were very happy to share their feelings with one and all. Our guests and dignitaries also expressed their feelings with everyone. Their expressions were very positive.

Continuing education was very informative and well accepted by all members.. CE part was attended by record number of Dentists.

As my presidency is coming to an end, I need to let you all know that I was given this opportunity to be your president for the year 2008-2009. I did my part of the duty. I thank you all for giving this opportunity. If at all I have done something good, it is because of my executive committee's support, directions from our past presidents who were guiding me with good things and our executive director's "vision of actions." I did my part in franchising the opportunity to fulfill the requests of our member Dentists.

"Good days are all always in future."

Katte Anilesh
